SYSTEM STATISTICAL REPORT, 1979 164

INTRODUCTION

LOCAL PUBLIC LIBRARIES

In December 1979, the 1979 Library Statistical Report questionnaire was mailed to 315 Kansas libraries which operate as public libraries. Nine (9) libraries are supported by clubs, one by an endowment and 305 are supported by local tax funds.

All but four (4) libraries responded by providing the requested data, in compliance with Kansas Statutes Annotated 12-1225. The libraries which refused to return the questionnaire were: Athol, Conway Springs, Cottonwood Falls and Haven.

The following are summaries of funds available to the 311 reporting public libraries for operating costs during 1979:

Funds available per capita were $7.79. All per capita figures used in the public library section of this report are based on the 1979 state population of 1,860,542 (actual population served by public library districts), as published in the 1979 Kansas State Board of Agriculture Population of Kansas.

Library Materials

Kansas public libraries reported owning a total of 5,977,601 volumes in their book collections at the end of 1979. This amounted to 3.21 volumes per capita statewide. This is 2,886,609 volumes less than recommended by the Standards For Public Libraries in Kansas (1975).

During this year, 303,133 volumes were added to book collections by local libraries through purchase, gifts, and added by regional systems of cooperating libraries. This amount is 312,052 less than recommended standards.

The reporting libraries indicated that they received a total of 17,064 paid periodical titles during the year, 2,336 less than recommended standards.

The libraries reported a total of 151,277 recordings, 57,223 less than recommended standards. Additional information reported indicated that public libraries had 139,901 titles in their reference collections and received 384,450 in system rotating books.

Circulation and Services

Kansas public libraries were open a total of 8,809 hours a week or an average of 28 hours per week per library.

The reporting libraries circulated a total of 11,163,223 items during 1979 or six items per capita statewide. 60,859 items were sent via interlibrary loan from Kansas public libraries.

Standards For Public Libraries in Kansas (1975) state that a public library should have access to a film collection with a minimum of 3,000 films. The State Audio-Visual Center at Wichita currently has 2,150 titles - 850 less than recommended standards.

Fourteen libraries reported that they operated under a "home rule" charter ordinance or resolution. Twenty-six libraries have "Friends of the Library" groups.

Additional questions were asked on the 1979 report concerning personnel, accessibility features of the public library buildings and in-kind services paid for by the local municipality.

Personnel

1,270 people were employed in Kansas public libraries in 1979; based on a 40-hour work week, this number equaled 725 full time equivalent staff members. 119 people have their Master's Degrees in Library Science, 30 people have Master's Degrees in other fields, 257 people have Bachelor's Degrees and 322 people have some college. Salaries range from $.51 to $19.02 per hour.

Accessibility Features for the Handicapped in Public Library Buildings

154 libraries had level thresholds in the doorways;
261 had at least 32" wide doors;
71 had library parking for the handicapped;
121 had level walks to the library;
13 had elevators;
33 had public restrooms with wide stalls and grab-bars;
56 had stairway handrails;
243 had non-slip floors;
43 had lower drinking fountains and
95 had lower public telephones.

All of these features enable the handicapped to use the library.

197 libraries are housed in a separate building and
34 pay rent
The oldest public library was built in 1870 and the newest library was built in 1979.

In-Kind Services

In addition to local tax support, local governmental units provided the following funding and services:

Numerous Kansas public libraries reported that their municipalities paid for services or other commodities outside of the local tax support. The largest single service provided by municipalities was utilities with 104 paying part or all of the libraries' bills. Forty-two municipalities provided space for the library and 17 paid the library's rent; 14 libraries had their insurance paid by the municipality and 51 municipalities paid for the library audit. Custodial (16 libraries) and maintenance (47 libraries) services, as well as benefits (Social Security, K.P.E.R.S., Worker's Compensation, etc.) (paid by 30 municipalities), were provided. Miscellaneous items provided by the municipality included the purchase of equipment, supplies and payment of the Treasurer's Bond.

REGIONAL SYSTEMS OF COOPERATING LIBRARIES

Complete data for the seven regional systems of cooperating libraries are included in this report. The following is a summary of the information provided by the seven systems for calendar year 1979.

Support and Expenditures

Systems received income from system property tax, federal funds, state aid, contractual agreements and miscellaneous receipts which total $2,418,847.

During 1979, systems spent 11% ($248,847) on books and other library materials; 36% ($749,698) on salaries. 28% ($586,067) of the income was spent on either cash service grants or books and library materials for the local member libraries. Total expenditures for 1979 were $2,111,737.

Resources

A total of 233,175 volumes were owned by systems on December 31, 1979. 20,715 new volumes were added. The systems owned 8,198 large print books and 276 paid periodical subscriptions. Five of the seven systems owned 2,896 records, tapes and cassettes. Some systems own art prints, films, slides and recordings.

Circulation

Total books and non-book library materials circulated by the seven systems during 1979 were 664,198 items. 35,912 rural patrons in 65 counties received books by mail from regional systems of cooperating libraries. 295 libraries received rotating books which supplements the libraries' own collections.

Interlibrary Loan - Kansas Information Circuit

During 1979, 60,167 requests were filled at the system level (pre-KIC), an increase of 5,878 requests from 1978. 6,197 books were received on KIC by the systems and 3,391 books were sent to other systems via KIC.

Direct Interlibrary Loan

The development of the Kansas Union Catalog has enabled systems to do more direct interlibrary loaning between libraries. The systems requested directly from other systems 5,340 volumes and received 4,109 of these requests. 2,370 requests were received from out-of-state libraries. 4,602 subject requests were filled and 2,964 periodical requests were filled at the system level.

The systems gave 81 workshops in various library-related topics to 2,658 librarians, trustees and interested citizens.

Personnel

The systems have 78.5 full time equivalent positions. 17 people have a Master's Degree in Library Science, 1 has a master's degree in another field, 21 have a 4-year college degree and 18 have some college.

The average starting salary for an M.L.S. Degree is $10,200.
